Safeguarding Information

Hope House School is committed to safeguarding and promoting the welfare of children and young people.

We expect our staff, including supply staff and volunteers to share this commitment.

The concerns you have may be part of a bigger picture, which could help to prevent serious harm to a young person.

Giving families help at an early stage.

Never keep concerns about the safety of a young person to yourself.

Remember these 3 important things:

1. All children have a right to be safe no matter who they are or what their circumstances.
2. Keeping children safe is everyone's responsibility.
3. We all need to listen to children, even though we may not always be comfortable with what we hear.

Who should I talk to if I have concerns about a young person?
